Yeonji Kim

yeonji-design.github.io yeonjikim.design@gmail.com +1 (734) 510 0407

UX Designer with 3+ years of experience creating intuitive, human-centered experiences for **AI and data platforms**. With a background in **computer science** and **product management**, I specialize in translating complex technical workflows into scalable, elegant solutions for data scientists, engineers, and business users. Proven ability to drive measurable product impact through systems thinking, cross-functional collaboration, research, and rapid prototyping.

work experience

Product Designer | Intuit

Jun 2023 - Present | Mountain View, CA

- Spearheading the design of Intuit's internal data processing platforms for data engineers to produce clean, reusable data.
- Designed and launched GenAI use case registry, standardizing the process for product teams to deploy GenAI applications; successfully onboarded X use cases.
- Partnered with data scientists, PMs, and engineers to translate technical requirements into user-centered designs, driving alignment on platform strategies.

Product Design Intern | Intuit

May 2022 - Aug 2022 | Mountain View, CA (Remote)

- Designed and prototyped a cost management dashboard for AI leaders to monitor and optimize ML models and projects, enhancing visibility into AI usage and investments.
- Created interactive prototypes and collaborated with engineers to define feasibility.
- Conducted user research with AI stakeholders, synthesizing insights into actionable design recommendations.

Product Management Intern | LINE Corp

Jun 2021 - Aug 2021 | Gyeonggi-do, Korea

- Developed data-driven product strategies to increase user conversion within LINE Gift, working closely with product managers and data scientists.
- Analyzed content and user behavior data using SQL and Python to identify gaps; proposed UX optimizations for users in Japan and Taiwan.
- Identified usability bottlenecks and proposed UX optimizations, leading to an improved purchase flow.

UX Design Intern | Duotone

Apr 2021 - Jun 2021 | Seoul, Korea

- Defined visual concepts and strategies for redesigning websites of 4 global clients in entertainment and electronics.
- Created information architecture and high-fidelity mockups, with design workshops to explore solutions using methods including card sorting and heuristic evaluation.

Product Manager | Gooroomee

Jul 2020 - Apr 2021 | Seoul, Korea

- Led design and launch of a video interview platform used by 2,000+ interviewees
- Designed CMS and core UX workflows for live course platform, improving student engagement and instructor content management.

education

University of Michigan

M.S. Information,
UX Design and Research

Ewha Womans University

B. Eng. Computer Science and Engineering
B.A. Digital Humanities

publications

skills

Design

UX/UI Design, Storyboarding, Personas, Wireframes, Prototyping, Journey Maps, Design System, Interaction Design

Research

User Interview, Usability Testing, Competitive Analysis, Data Analytics, Contextual Inquiry, Heuristic Evaluation

Tools

Figma, Adobe Creative Suite, PowerPoint, Keynote

Technical

Python, SQL, Git, HTML, CSS, JavaScript
